### Houdini Automotive Escape Tool

Fran Hildwine, BS, NREMT-P, CCEMT-P

June 2009 JEMS Vol. 34 No. 6  
2009 Jun 1

The Houdini PRO is a handheld extrication tool, designed specifically with emergency rescue professionals in mind. The PRO comes in yellow or black and features a stainless steel, folding rescue hook that will cut anything from seatbelts to leather boots. The Houdini PRO also incorporates a RELIABLE spring-loaded center

punch and a five-lumen LED light for low light situations.
