Damn it all. I've driven into a river. I'm trapped and sinking inside my vehicle. Hello, soggy death. But wait! I'm carrying my cell phone-sized, Wilsonville-made **Houdini Automotive Escape Tool** (\$24.95-\$39.95. Houdinitool.com)! I illuminate the scene with a **powerful LED**, sever my seat belt with the **blade**, and shatter the window with the **glass-breaker** in a thrilling **Bond-esque escape!** In seconds I'll be on land, beckoning help with the safety whistle—if only I knew how to swim.
